

Cookies Regulations

Definition of cookies

Cookies are small text files stored on your computer or any other device, saved by the browser.

What is the purpose of using cookies?

The Google Analytics tool is installed on the website www.halonet-voip.com. It uses the cookies and gathers information about the traffic on particular sites of the website and the ways the visitors use them. The information obtained that way is not shared with others and they are only for statistical purposes and to improve the utility of the abovementioned web service. Cookies are also used to display information about the HaloNet Client: if he has signed up to his account while using the website www.halonet-voip.com and the subpages.

How to disable or remove cookies?

For detailed information about disabling and removing cookies, see the Help bookmark in the browser menu. However, you have to bear in mind that disabling cookies can influence the functionality of some options of the website www.halonet-voip.com

Hyperlinks to other websites

On www.halonet-voip.com there are hyperlinks to other websites. The Tartel Sp. z o.o. Company is not responsible for the privacy policy concerning cookies obligatory on these websites (unless these websites belong to Tartel Sp. z o.o.). When you enter any website, we suggest you to get to know the cookies regulations.

Final information

If there are some changes in current cookies regulations, the appropriate modifications will be introduced to the records.
